Also to the people of Montgomery for their generous hospitality, to the press of the State, and all who have in any way contributed to the success and comfort of this meeting.

53. The hymn, “Blest be the Tie that Binds,” etc., was sung. J. M. Thomas, pastor at Union Springs, Ala., led in prayer and the Convention adjourned.

After the selection of these names it was ordered that the selected delegation be empowered to supply by appointment the names of any other brethren from this State who might be present to take the place of the absentees. The meeting then adjourned. The following delegates were selected:

12. The report of the State Board of Missions was presented and read by W. B. Crumpton, Corresponding Secretary, and on motion the report was referred to the following committee, viz:

W. W. Lee, A. A. Hutto, A. S. Smith, Ernest Lamar and Eugene Ballard. (See Item 34).

THIRTY-EIGHTH ANNUAL REPORT OF THE STATE BOARD OF MISSIONS.

In our last report we had to record the death of one of our oldest and most faithful members. Brother J. G. Harris. Before that report was read at Roanoke, another one of our members, Brother M. B. Wharton, was called from labor to rest.

We now mourn the loss of another, Brother A. E. Burns.

For years these brethren have been among the trusted and tried and in every place they have proven themselves worthy. We shall miss their wise council! May Heaven deal gently with their families!

Since our last report we have made a very pleasant change in the location of the office. We are now on the 11th floor of the Bell Building. We are free from the noise and dust and heat of the city, with more room and at little more, if any, cost. The rent may be more in future but the office expenses will be less.

As a denomination, the Baptists of Alabama should thank God and take courage, for in spite of the most adverse circumstances, we have closed a most prosperous year.

The Committee into whose hands was committed the celebration of our 100th Anniversary will make its report, but we cannot refrain from calling attention to the unprecedented increase in our membership the past year—12,963 by baptism. That is 2,670 more than in any year of our history. This is equal to nearly one hundred and

thirty new churches of one hundred members each. May it not be that the celebration of our 100th Anniversary of the planting of Baptist principles in our State had much to do with it?

While many did not observe it, we feel sure that more Baptist doctrine and more historical sermons were preached than ever before in our history. Naturally enough, a revival of doctrinal preaching is always followed by revivals of the most lasting character.

Never before, as a denomination, was there such an era of church building and enlargement as now. Probably \$500,000 would not cover the cost of the church buildings now in course of construction in Alabama. This shows that our people have money and they are willing to use it for God.

There is much to be thankful for in our financial showing, also. The receipts for the year are as follows:

For State Missions	\$23,038.45
For Home Missions	19,520.00
For Foreign Missions	26,930.33

Total for Missions, \$69,488.78, which exceeds our greatest year \$2,604.

The receipts for State Missions go beyond our most prosperous year, \$2,265. In spite of this advance, we are sorry to have to report again a debt. Cutting off all the appropriations we possibly could and putting forth our best energies to increase our contributions; we hoped to be able to report no debt; but the financial panic continuing, with the disaster to crops and other causes, have conspired to prevent our attaining to the consummation of our hopes.

The need of a financial system, so often discussed in our reports, is emphasized when distasters come upon the country. The church with no system in its finances is quick to take alarm and become panic stricken when disaster seems to be impending, while the steady going machinery of the well organized church runs it smoothly on, gliding it over the rough places without noise or friction.

We present to the Convention for its consideration and approval, if it deems wise,

A PLAN OF SYSTEMATIC BENEFACTENCE.

We suggest:

1. That the State be divided by counties into twelve parts, and each part be numbered beginning with one.

2. That collections be taken each month, according to the Schedule in all the churches.

3. The use of the pledge cards and envelopes.

As a help for keeping run of the changing times and objects, we recommend:

1. THE COLLECTION CALENDAR, a device gotten up by your State Secretary.

To illustrate its use—While the churches in section marked No. 1 are taking collections for Ministerial Education in January, the churches in section No. 2 would be taking for State Missions; No. 3 for Aged Ministers; No. 4 for Home Missions; No. 5 Associational Missions; No. 6 Foreign Missions; No. 7 Bible and Colportage; No. 8 State Missions; No. 9 Denominational Education; No. 10 Home Missions; No. 11 Orphanage; No. 12 Foreign Missions.

When the wheel turns on February, all the objects are changed with it.

As a further help, we recommend the use of

2. THE WALL CARDS.

They should be at some conspicuous place on the wall, in easy view of the whole congregation. They should be printed in letters large enough to be easily read from every part of the building.

The first card, to be permanently put in place, would read:

‘OFFERINGS THIS MONTH FOR’

The card next below would name the object for that month. This card would be changed every month by the mission committee.

Lest the wall cards be misplaced, torn or soiled, a neat frame should be provided for them.

We mention some of the advantages of the scheme:

The Wall Card is an educator. The fewest number of our people know what we are trying to do or the interests we are fostering. The cards, in a prominent place, spelling in large letters these objects, right before one's eyes, photograph on the memory the names of the different interests, provoke inquiry, and impress the thought that we are doing things and that every one is expected to help in the great work.

The division of the State into twelve parts, according to the scheme suggested, would be exactly in line with the resolution of the Southern Baptist Convention at Hot Springs, creating a commission on systematic beneficence. A system would thus “be devised, whereby funds for the Boards should flow into the treasuries in a steady stream throughout the whole year,” each object getting something every month.

A further advantage would be—the agent for each object could concentrate his efforts on his particular section. The territory being smaller, it could be more thoroughly and systematically worked.

The pledge cards and envelopes are in general use. It is hardly necessary to say anything of them. In addition to their being useful and convenient for bringing in the money in a systematic way, their distribution and collection furnish a great opportunity for usefulness to the young people of the congregation; so that they are a double benefit.

This plan relieves the Boards of the most embarrassing features of the present method. We learn from the Home Board that \$119,651, 42 per cent. of the year's receipts, were received in the last two days of April and the Foreign Board received \$163,966.71, more than 30 per cent. of the total of the year's receipts, in the last two days. The interest debt of the Foreign Board was \$8,462 and that of the Home Board \$3,290, total \$11,752, enough to have paid the salaries of twenty-three missionaries.

This is an unnecessary and shameful waste which ought to be stopped. The Boards are not to blame. The missionaries and workers must be paid and the work go on, even if the money has to be borrowed from the banks. The remedy lies with the pastors and churches. All through the year, not in the last few days, the money ought to flow steadily into the treasuries.

The scheme suggested, if well worked, will go far towards making this possible.

The State Board's two months, according to the plan now in vogue, are February and June. The first is often attended by bad weather and that always affects the collections, especially in the country. June is so soon after the great effort for Home and Foreign Missions in March and April, it seems impossible to arouse interest

again; besides it is the month of all when the farmers have the least money. Some, we are sorry to say, do not help either month.

It is not disloyal to the Foreign Board to say, the neglect of missions at home means, later on, the ruin of Foreign Missions. The policy of the State Board has always been to foster interest in all the enterprises of the denomination. Every church helped by the Board pledges itself to take collections regularly for all the objects. Every evangelist or missionary sent out is expected to be loyal to every interest. A policy narrower than that would work confusion in our ranks.

This policy of helpfulness to every interest, we believe, is responsible in large measure for the growth of interest and contributions to Home and Foreign Missions and other interests as well. In 1871, the year when this Board came into being, the contributions from Alabama for Home Missions were \$5,482 and for Foreign Missions \$1,720, total \$7,202. In this our 38th report we show for Home Missions \$19,520 and for Foreign Missions, \$26,930.

We ask all to seriously ponder this question: Is it right for the Board which works along these broad lines, entirely loyal to every interest, to be neglected or ignored when its special time for collections comes? The answer to that question ought to be easy.

If the pastors can be brought to see the value of system and if they will loyally adhere to the one suggested, it will work a great revolution in the giving in Alabama. If they will not heartily approve of it and join in to make it a success, maybe we had just as well drift along on the present basis; but it will be unfortunate not to make the change.

The debts we owe are distributed as follows:

To the missionaries for June salaries,.....	\$1,755.86
To Bible and Colportage Fund, the overdraft....	654.61

\$2,410 47

Our indebtedness to publishers and outstanding accounts due us are about equal.

Our Bible and Colportage fund needs enlarging. If we had a \$10,000 fund on which to operate, we could easily have a colporter doing a fine business in every Association in the State. We do not try to make a profit on the books sold to colporters or to pastors who wish to keep a small stock on hand for sale to their people. Usually we indulge them a short time for payment. Maybe this is unwise. It is troublesome and some times good men neglect to pay small bills. Giving the sixty days time, the small fund we now have is soon exhausted, where the books are rapidly sold. There is no question about the wisdom of distributing Bibles and books and tracts among the people. We can never enlighten the mass of our membership otherwise. The man engaged in this sort of work goes from home to home and, if he be tactful and industrious, can do a world of good, especially among the stay-at-homes and the children. Every sort of ism is preying upon our country Baptists and those living among the suburban population of our large cities. We can save them from hurtful heresies only by putting in their hands the right kind of literature to combat the unsound teachings.

The Sunday School secretaryship was surrendered by Brother Crossland soon after the Roanoke Convention, on account of a broader field opening for him. Brother J. T. McKee, after a marvelously successful career as teacher in the Newton Collegiate Institute, began

June 1st as Superintendent of this department and B. Y. P. U. organizer. He needs but to be heard to be endorsed. He cannot answer near all the calls made upon him. He is making a rapid tour of the State, seeing the pastors and superintendents and teachers.

We believe the Sunday Schools, by giving one collection each quarter, can easily support this department. The Superintendents and schools, wherever Brother McKee has gone, have cheerfully agreed to the suggestion.

Complaint is often made that we are spending all the State Mission money in the towns, to the neglect of the country. This is no new charge, but is repeated over and over again, generally, without investigation. It never was true. The facts are these:

At our annual meeting, which occurs the latter part of November, after the Associational meetings are over, the bulk of the appropriations are made for the year. Those made after that time are belated applications and emergency calls. These, the Local Board take care of as best it can. The November meeting is advertised in every address before the Associations he attends, by the Corresponding Secretary and six weeks before the time, notice is given in the Alabama Baptist of the meeting and parties desiring aid asked to write for applications.

The townspeople who wish help, see the notice in the paper and are quick to respond; but very few applications are in hand from the country districts at the annual meeting. Applications from the country are never ignored and they are seldom rejected. The fear of increasing appropriations, beyond our ability to meet them, is ever present with the Board. The debt which we have reported for these several years is largely because of our desire to answer, in some favorable way, the belated calls for help. Almost all the requests for help in the country fields are among the belated. The Board is not averse, nor has it ever been, to doing work in the country. On the other hand, we are anxious to do it, if a proper showing is made in time, before our prospective means are exhausted. Our Corresponding Secretary, at the last annual meeting, suggested that at least one half of the appropriations be devoted to country work, in the face of the well known fact that the country churches contribute only a small part of the money given for State Missions.

The suggestion of the Secretary was not adopted, because it was deemed unwise to encourage the distinction so often made between the needs of country and town. Your Board is for the best interests of the whole State of Alabama.

It is surprising how many brethren seem to feel that the State Mission funds ought to be divided out among needy preachers; that the Board is doing this, lavishing its gifts on its favorites to the neglect of worthy men who are more needy. After all these years doing mission work in Alabama, it is humiliating to have to explain to men who have so far missed the mark. An hour's study and reflection ought to convince any man of intelligence of the error of such a view.

Years ago, it was the custom of the Board, by direction of the Convention, to publish each month the receipts for the different objects. It took much time and labor and occupied valuable space in the paper and was not considered edifying reading. Because of all these things, the publications were discontinued.

We have made a painful discovery. Many times those who are

entrusted with the forwarding of funds do not perform the duty, often form carelessness. Sometimes it is needed elsewhere and it is diverted, while the people are in blissful ignorance of what has become of it. Those entrusted with funds, if they knew the receipts would be acknowledged in the paper and would pass under the eye of the contributors, would be more prompt and careful. Besides this, the publication would have a stimulating effect on the denomination. So we are ready, if the Convention so orders, and the editor will grant the space, to begin August 1st with the monthly or weekly publication of receipts.

The Aged and Infirm Ministers' Fund has grown a little. It ought to be larger and would be larger if pastors would bring it before their people. The month of August is the month assigned to this cause by the present schedule. We have had ten beneficiaries on our list the past year.

Brethren Gardner and Burns have passed away. The little monthly stipend of \$8.33 was a great help to them in their declining days and the thought that they were remembered by the denomination they had faithfully served, brought added comfort to their hearts.

The fund is shamefully small. Other denominations are out-stripping us in this department of Christian endeavor. If the new schedule is adopted, it is confidently expected the contributions will more than double the amount given heretofore to these old soldiers of the cross.

We have now eight beneficiaries on our list and two others making application.

We recommend that a committee of five be appointed by President of the Convention to take under consideration the matter of Aged and Infirm Ministers funds and report to Convention during session as to the best plans for same in future.

The Tract Fund has been completely exhausted for several years, though there never was such a demand for tracts as now. They are sent out literally by the bushel and everywhere they are eagerly taken. But for the constant supply furnished by the Home and Foreign Boards, we could not begin to meet the demands. The little leaflet filled with information can be easily and quickly read, when a book or newspaper would not be noticed. One of them slipped into the pocket of a busy man will at a spare moment, be profitably read.

We cannot emphasize too much the value of tracts to the work. We have printed 20,000 tracts, which have gone into thousands of homes in Alabama to inform, instruct and bless.

The Apportionment will be reported by the Committee on co-operation. They have done wisely to do their work before, rather than after the Convention. It would be well if some time could be given to its discussion before the Convention. Few realize the importance of having something definite before the churches to do. If Moderators appoint carefully the Committees in the Associations to apportion the amounts among the churches, and if pastors will take the interest they should, every cent asked of the churches will be given.

The Woman's Missionary Union, as in the past, is a real auxiliary to the work. Of the \$69,000 given by the Baptists of Alabama for Missions, they and the Sunbeams have given \$12,941, distributed as follows: State Missions, \$2,483; Home Missions, \$4,335; and Foreign Missions, \$6,123 or more than one-fifth the whole of the amount given by the State for all Missions. Their purpose is to do more the next, than in the last, year for State Missions. Like some

of the pastors and churches they have done considerably less for State Missions than for the other Mission Boards. This they propose to remedy and it is an example worthy of imitation. We have generously helped in the support of the Woman's work. We believe it is money well spent. Their work is growing and will continue to grow. As it grows, by the dissemination of information, the whole denomination feels the stimulating effect and is permanently benefited.

For faithful service to all the denominational interests, the Alabama Baptist excels any other paper in the South. Some may boast a better reading paper, but none are so conspicuous for their service to the State work. But for the kindly interest of its Editor and the able support of the paper, your Board would soon be put out of business. It deserves the earnest support of the denomination and the preachers ought cheerfully to lend their aid in putting it in the homes of their members.

The Boards of the Southern Baptist Convention and your Board work in perfect harmony. Their Vice-President in the State, by correspondence and otherwise, are rendering great service in the way of distributing information among the people.

Since the last Convention, two of our Evangelists, J. V. Dickinson and W. D. Hubbard, resigned. They did faithful work which will be felt for years to come. Brother W. J. Ray continues. He has been constantly employed and makes a fine report. The churches have paid him more than enough to cover all his expenses. There is no doubt about the great good accomplished by the evangelists, or of the great need of that kind of work; but the most of the churches are inclined to drive a bargain in the employment of the Board's evangelists. They are not willing to remunerate him for his services, as they would an independent evangelist. Some, where they deal liberally with him, charge it up against State Missions and cut out the collection for that object, when the regular time comes. Treatment like this is another cause of our debt the last two years. There is no money so easily raised as for evangelistic services and the pastors could easily make it a source of revenue for the Board, if they would. At least it ought to very nearly pay its own way.

Rev. C. O. Booth, a man well known and highly esteemed by his white brethren, is the instructor of the colored preachers who attend the Selma University. He had under his instruction the past year 63. So far as we can gather, the school is well conducted, presided over by competent Christian teachers. The attendance the past year was 612. We assist in the support of Brother Booth only, paying \$200 annually on his salary.

OUR SECONDARY SCHOOLS.

We have good reports from the schools at Bridgeport, Eldridge, Gaylesville and the Beeson Academy. These are owned and controlled by the Home Mission Board. Rev. A. E. Brown, who has charge of the Mountain School work of the Home Board, writes as follows of the four schools in Alabama:

"Eldridge, enrolled 145 students. The Dormitory for boys was completed. We now have plans for the erection of another dormitory this year. The school was a great success and made a splendid impression.

"Gaylesville Academy, enrolled 115, built a new dormitory and greatly improved the school property. The outlook is quite favorable.

"Bridgeport Academy enrolled 107. Here we came in possession, through the generosity of the Bridgeport people, of \$25,000 worth of property. We are to build dormitories.

"Beeson Academy enrolled 79. The building is not yet completed, but will be finished in time for the opening of the Fall session."

It is most gratifying to learn of the great success, especially of the schools at Bridgeport and Pisgah, the Beeson Academy. These are the two schools we have in Jackson county, in the place of the one at Scottsboro. In our last report, we recommended that the \$3,000 paid to us in the sale of the Scottsboro property, be loaned for two years to the Home Board without interest. In view of the splendid success, attending the two schools reported, we now recommend that this sum be given to the Home Mission Board, for prosecuting its educational work in Alabama. The only expense we have incurred for these schools the past year is \$150 to J. N. Webb and \$350 for A. N. Reeves. These brethren act as agents for the schools at Gaylesville and Eldridge and do much incidental mission and educational work. Brother Reeves reports in two years having raised for the school \$2,650, besides the personal services he rendered in the erection of the dormitories. Brother Webb has raised, all told, from the beginning of the work at Gaylesville, \$5,879.

As the trustees of the Healing Springs and Newton Schools will make their reports, we make not mention of them.

VACANCIES ON THE BOARD.

The time of the following members expires with this Convention: A. E. Burns, deceased; D. F. Green, W. B. Davidson, L. O. Dawson, G. J. Sorrell, R. W. Wood and A. P. Smith.

Accompanying this report will be found the *Financial Statement* with the Auditor's certificate and a Summary of Work for the year. The latter does not show up as well as usual because we have been cutting down to try to get rid of our debt; but still we think the showing is very good.

A FEW WORDS HISTORICAL.

At our 100th Anniversary meeting in November, one of the speakers closed his paper with the words following:

"In 1870 we had no paper. The Southwestern Baptist had been merged with the Christian Index at Atlanta. Dr. Samuel Henderson, its long time able editor, edited an Alabama department. Some felt we must have a State Mission Board and a paper. For several years it was a battle royal at each Convention over these two propositions.

The friends of the Home Board of the Southern Baptist Convention, which had been at Marion for years, led by Dr. E. T. Winkler, opposed the movement of a State Mission Board and not a few joined with the Georgia brethren, who regularly attended our annual meeting, to defeat the movement for a new paper. J. J. D. Renfroe, one of our bravest and most beloved Alabamians, was the leader in favor of both movements.

A compromise was reached on the Board question in 1871. The new Board was to be called the Sunday School Board, to be located

at Talladega. T. C. Boykin was its first Secretary. After two years, it was moved to Marion, its name changed to the State Mission and Sunday School Board and T. M. Bailey became the Secretary. This change was made without friction.

After a year or two the need for a State paper was so apparent, the Convention took the matter in hand seriously.

Dr. William W. Wilkerson, one of our wisest laymen, settled the whole matter by starting the Alabama Baptist at Marion. Dr. E. T. Winkler, the pastor of Old Siloam church, was its first editor. By carefully watching after its finances for two years, Dr. Wilkerson got back all the money he put into it and turned the paper over to the Convention as a gracious gift. The struggle was not over by any means; but from the day the State Board was organized with T. M. Bailey, Secretary, and the Alabama Baptist began to visit the homes of the people, and Jonathan Haralson, the incomparable parliamentarian, was made President of the Convention, the Baptist cause has moved gloriously forward.

Alabama Baptists should be proud of the heroic men who lived and labored in the long ago and brought us to this glorious day. We turn our faces now to the opening of a new century. None can foresee or guess the great things God has in store for our people.

One thing we must know—God help us to realize it—we have much to do with the future. But for the true-hearted men and women who wrought bravely and wisely through the long years, we would not be lifting our banners so proudly today.

Ours is a glorious heritage. Let us see to it that no unwisdom of ours shall be the regret of the generations that follow us.

“Unto Him that loved us and washed us from our sins in His own blood, and hath made us kings and priests unto His God and Father; to Him be glory and dominion forever and ever.”

Montgomery, Ala., July 18, 1909.

GEO. W. ELLIS,
W. B. DAVIDSON.

13. The report of the Centennial Committee was read by its Chairman, C. A. Stakely, and adopted as follows, viz:

REPORT OF CENTENNIAL COMMITTEE.

The Centennial Committee begs leave to say that most of its report is in the minutes of the Montgomery Convention kept by the honored clerk of the body, which have not been printed, and asks that these be printed with the minutes of the body now in session, being given the first place in the order.

The matters which the committee was continued to look after, namely, the compilation of the histories of our churches, and the editing and publication of the centennial addresses delivered at Montgomery, have not been finished. Not all of the addresses are in hand as yet, and many hundreds of the churches are slow in preparing and forwarding the histories.

The committee asks to be again continued that this important work might be done.

Respectfully submitted,

CHARLES A. STAKELY.

14. The annual report of the Trustees of Howard College was read by its Chairman, J. B. Ellis, as follows, viz:

REPORT OF HOWARD COLLEGE

To the Alabama Baptist State Convention:

Dear Brethren:—

I have the honor, as President of the Board of Trustees of Howard College, to submit the following report for the college year, 1908-1909:

(1) The session which closed the 26th of May last, was marked by excellent order and thoroughly satisfactory work on the part of faculty and students.

(2) The enrollment last session was 178, the slight loss caused by the effects of the panic, especially in the rural sections, whence came the larger portion of our students. It is gratifying to note that the average enrollment during the past three years has been 192, a gain of seventy-one students over the record of seven years ago, and a corresponding gain in revenue of about \$5,000.00 from the student body.

(3) The following sums were pledged for the current support of the College:

At the Roanoke Convention	\$3,197.65
At Associations later	1,506.24
	<hr/>
	\$4,703.89
Collected to June 10th.....	\$3,478.75
	<hr/>
Balance still due	\$1,225.14

The sums still due from the churches with the amounts yet to be collected from the students, whose limited means often prevent prompt payment, will be about enough to meet this session's expenses.

In view of the hard financial conditions which have prevailed during the past two years, nothing could be more encouraging than the exhibit of expenses and income.

(4) Since your last meeting, we have placed in the dormitory and library a complete system of sanitary plumbing and equipped Professor Macon's department of Biology. All of said improvements have been paid for.

(5) It gives me pleasure to state that Howard College has advanced materially in standard of work; that it has now taken its place with the leading colleges.

(6) Attention may well be invited to the training that the members of our faculty have had. Among the colleges and universities in which they have pursued their studies are: Howard, Mercer, Wake Forest, Georgetown, University of Virginia, University of Chicago, Cornell, Columbia and Harvard, and our Professor of Modern Languages is now on his third visit to Europe, where he is studying to gain larger preparation for service.

(7) Permit me to urge our friends to pay without delay the sums pledged for endowment. We are now considerably behind in payment of said annual endowments. This condition injures us with the board in New York which is helping us now, and from which we look for larger things.

(8) I urge you also to send your sons to Howard College, and thus to help the board and faculty to make the institution stronger and worthier of your support. Every additional student not only

furnishes pecuniary aid, but the best advertisement for the college in this neighborhood

With improved facilities, a well trained faculty and the best moral influences, no college in our State offers better instructions and safer moral development than Howard College.

Respectfully submitted,

JAMES B. ELLIS, President,
Board of Trustees, Howard College.

(See Item 52).

Of this balance loan of \$1,200 at 8% has been negotiated and the papers are being prepared, leaving for investment \$1,243. The outstanding loans average 7½% interest.

As three of the five installments on the Endowment Bonds are past due, there should have been paid by this date \$60,000. plus \$2,000 or so, paid in advance by sundry subscribers, so that collections are in default at this rate to the amount of \$20,000.00.

There is no interest in default and in each case the loans are secured by first mortgage on improved real estate.

WM. A. DAVIS,
Treasurer.

July 20, 1909.

(See Item 51).

16. J. M. Shellburne, its President, submitted the annual report of the Board of Ministerial Education as follows, viz:

REPORT OF BOARD OF MINISTERIAL EDUCATION FOR YEAR ENDING JUNE 30th, 1909.

At the close of last year (1907-1908) the Board found itself in debt to the amount of over \$600.00. This came about, in part, from a falling off in contributions; and, in part, from a determination of the Board to keep men at college, even at the cost of extra appropriations.

At the annual meeting last September the Board was met by an unusual number of requests for assistance. We were faced also with a worse than empty treasury—the deficit of the previous year not having been fully met during the summer. Bearing in mind the experience of the year before the Board began its work in the exercise of the most careful economy. The result is a smaller deficit. But when we remember the needs which we could not meet, the Board counts this year's work the saddest, the most pathetic of its experience. Candidates for the ministry, almost by the score, either could not attend college or were compelled to leave school before the session was finished.

Fifty-three ministerial students were matriculated at Howard College last session. Of these nineteen had to leave before the end of the collegiate year; the reason being, in almost every case, a lack of money. Of the thirty-four who remained, many were much crippled in their work, by a sad scantiness of support.

Of the fifty-three matriculated fifteen made their own way while thirty-eight received more or less aid. The average aid given students at Howard College last year is \$29.16.

Twenty Alabama men were matriculated at the Southern Baptist Theological Seminary. Of this number eleven received assistance while nine made their own way. The average aid received by the men in the Seminary is about \$50.00.

J. A. HENDRIX, Treas.,
Ministerial Board of Education.

Your Board would respectfully suggest:

1st. That the Convention earnestly consider the advisability of raising an endowment of \$50,000 00 for the benefit of young men whose purpose is to preach.

2nd. That, if possible, a better month be named in the schedule for the support of this work.

3rd. That the Convention authorize and urge the raising of, at least \$6,000 annually for the encouragement and support of ministerial education.

J. M. SHELLBURNE, Pres.

(See Item 51.)

17. The annual report of the Trustees of Judson College was read by Earnest Lamar as follows, viz:

REPORT OF JUDSON COLLEGE TRUSTEES.

We beg to submit the Report of the Seventy-First Annual Session of Judson College. During the year two hundred and sixty students were enrolled and forty officers and teachers employed. The financial showing under all the circumstances was good, and President Patrick reports that the session was one of the most satisfactory in

the history of the Institution in the high standards of life and the diligence and attainments of the students in all departments. On account of the fact that for some years a large number of pupils were turned away, the President was instructed not to make an active canvass during the Summer vacation and to reduce the advertising appropriation. For these reasons and the financial condition of the country the attendance was not quite as large as in the previous year.

At Commencement twenty-two diplomas were awarded and the public work of the students was highly commended. It is gratifying to report that the Bible has been made a part of the regular course of study in the Judson and that work in this department will count for degrees. The Mission Study Classes were unusually full and the results accomplished by the religious organizations of the school were very satisfactory.

IMPROVEMENTS.

During the last summer many additional improvements were made in beautifying the grounds and putting the buildings in excellent condition, more than \$2,500 being spent for these purposes. Further additional improvements are contemplated during the vacation, the most important of which will be the erection of the President's Home which is to be known as the

ZADIE ELLIS ASHCRAFT MEMORIAL.

The Board of Trustees appointed a committee at its last meeting with authority to make a contract for its erection, and we are pleased to say that the contract calls for the completion of the work not later than November 1st, 1909. The work is being vigorously prosecuted. As we have reported at a previous session of the Convention, the erection of this home is made possible by the gifts of President B. F. Ellis, members of his family, and other interested friends.

GREAT OPPORTUNITIES AND IMPERVATIVE NEEDS.

The Board is convinced that with the splendid record of the Judson throughout the years, and with the remarkable hold it has gained upon the affections of the best people of Alabama and other States, and with the support of loyal and devoted alumnae, no Institution in the South has a larger opportunity to accomplish the best things for the Christian education of women than the Judson. With the great advances that are being made by other leading denominations in the equipment and endowment of their colleges for Women, the Judson cannot maintain the lead unless some adequate provision is made by the Convention for the enlargement and endowment of the Institution. The fact that the Judson has been self-sustaining has, we fear, led our constituency to conclude that it can maintain its efficiency and fulfill its mission without contributions from the people. The President in his Annual Report called attention to a number of pressing needs, among them being additional Dormitories, an Academic Building, and other improvements, such as a Central Heating Plant, but the Board felt that it would be necessary in view of the financial stringency to defer these things for the present.

It is believed that the people would be ready to respond to an appeal in behalf of our beloved College for Girls in this crisis in her

history, if the support of the Convention is given and the right of way accorded to the Judson in an appeal to the churches and Associations for the means to carry out the plans.

At the Annual Meeting of the Board of Trustees it was decided to recommend a change in the Charter of the Judson so as to increase the number of Trustees from fourteen to sixteen and also to change the length of service to be four years, dividing the present board, with the proposed additions into four classes with terms expiring, respectively in one, two, three and four years. If this is approved by the Convention it will be necessary to elect Trustees in accordance with the new provisions.

Attention is called to the fact that the terms of Mr. Joseph Norwood and Mr. B. T. Eley expire at the present Convention. With deep sorrow we make mention of the death of our honored and beloved brother, Dr. J. P. Shaffer, who rendered helpful service to the Judson for many years. We would record here our grateful appreciation of his work. It will be necessary for all these places to be filled at the present Convention.

Respectfully submitted,

B. F. ELLIS, President,
T. T. DAUGHRILL, Sec'y.

(See Item 68.)

18. W. B. Crumpton read the annual report of the Trustees of Healing Springs Industrial Academy, which was laid on the table until 3:00 P. M. Thursday, as follows, viz:

REPORT OF THE BOARD OF TRUSTEES OF HEALING SPRINGS INDUSTRIAL ACADEMY.

During the year, we enrolled sixty-two pupils. Three teachers were employed.

Thanks to the Convention and the State Board of Missions, our property is now in good state of repair, needing only to be painted to be in first-class condition.

Prof. W. B. Speer has been employed another year. Reaching the field late in the Summer last year, he only had time to get the property in condition before the opening of school, so there was no canvassing for pupils done. The Principal has given satisfaction to the patrons and all are now enthusiastic in support of the school. He is busy canvassing this Summer and we confidently look for the next to be the best year in the history of the Institution.

The timber we sold several years ago has been removed, leaving the land in condition to be brought under cultivation, if it should be deemed wise. As the country settles up, our one hundred and twenty acres will become more valuable, so that we deem it wise to hold on to it.

The value of such schools, as we hope to make the Healing Springs Academy, to the denomination, cannot be estimated. We believe, as the years go by, this will be more and more apparent.

We regret to report the death of Brethren Sandlin and Brown, of our Trustees. They were faithful and we shall miss them much. We request that their places be filled and that two others be added to the number, making the Board to consist of nine members.

Respectfully submitted,

W. B. CRUMPTON, Chairman.

19. A. W. Tate, Principal, read the report of the Trustees of Newton Baptist Collegiate Institute, which was referred to the following committee, viz:

Paul V. Bomar, J. E. Herring, G. G. Britton, E. E. George, C. W. Hare, J. L. Thompson, Sam Carroll, G. G. Miles, H. J. Willingham, H. L. Martin, W. B. Mitchell, Wm. A. Davis.

REPORT OF THE BAPTIST COLLEGIATE INSTITUTE.

ELEVENTH ANNUAL SESSION.

We come with good cheer to submit our report for the past year which, in every respect, was the best in the history of the school. The work in every department was marked by interest and enthusiasm during the whole year.

The enrollment during the regular school was 384 and the total number including the summer school was 442. There were 15 in the graduating class all of whom are young men and women of great promise. There were 28 in the Art class, 68 in Music, 70 in Elocution, more than 150 in the Sunday School Training class and more than 200 in the Teachers' Training class and 21 young preachers. The total number of boarding students was 313. The girls' dormitory was full to overflowing all the year around and quite a number of girls were placed in private homes. The work was highly satisfactory in every department and the Christian spirit was never better.

The school building is in bad condition while the furniture is still worse. The students often rend their clothing on protruding nails in the old slat benches. With all the poor accommodations the students were loyal and true and never complained because the teachers constantly consoled them that they would have better things next year.

The student body more than a year ago subscribed \$2,500 on the new building fund and have been very faithful in making their payments. New competition is springing up all around us; new school houses, large and attractive, with new furniture, new school men, and free tuition are offering every inducement to draw our pupils from us. These are the new County High School. We must either erect a building and provide reasonable accommodations or abandon our school altogether in the near future. One more year of empty promises will tell the story. One more year in the old shack of a building furnished with dilapidated benches will sound the death knell to the great school that has done so much for our cause in this section.

The principal has recently bought for the school 22 acres of valuable land adjoining the school lot of 8 acres, thus giving us 30 acres in all. No finer site can be found in Alabama than ours is now. It is ideal. All old debts have been paid and we have in cash and cash-paper, nearly \$2,000. We have more than \$8,000 in private subscription bonds, nearly all of which is good but not available until due, that is in 1, 2, 3 and 4 years.

During the present year this convention authorized through its Board of Directors the issuance of \$16,000 6% bonds backed up by the property to be sold and the proceeds to be used in erecting and equipping the long talked of new building. But up to this time, no

sale has been made and we now come to this convention and beg that some definite steps, strong and effective, be taken by this convention before adjournment to save this school and this valuable property. A building and equipment is all we ask.

Brother A. N. Jones, the beloved President of our Board, died in March and we ask that his place be supplied by electing a new member.

Very respectfully,

Newton, Ala., July 20, 1909.

B. P. POYNER,
President of the Board.

20. M. P. Reynolds, Chairman, read the report of the Board of Trustees of the Orphan's Home, which was made the special order for 9:45 A. M. Friday, as follows, viz:

SIXTEENTH ANNUAL REPORT BOARD OF TRUSTEES OF
LOUISE SHORT BAPTIST WIDOWS' AND ORPHANS'
HOME OF ALABAMA.

Perhaps no interest fostered by this convention, more generally appeals to our people, than the Orphanage located at Evergreen.

OUR PROPERTY

consisting of about 80 acres is partially located within the town limits of Evergreen and is a fine tract of land. We have five good sized buildings, sufficient we think for the work of the institution for years to come. All of these buildings need painting and some general repairs, and on account of defects in construction of the largest building a considerable outlay will be necessary to put it in good condition, just what amount we are unable to say (not having been able to get an estimate from the architect) but we suggest the sum of \$2,000.00 as being something like the amount necessary for all of this work.

OUR CHILDREN.

By reference to the report of 1907, it will be seen there were 172 children in the Home; in 1908 this number had been decreased to 154, and at this time there are 118 children. During the past year we have returned quite a large number of children to their parents, relatives or guardians; in some instances at their request, in others at our request, where we felt sure it was their duty to remove them from the Orphanage.

SECURING HOMES FOR CHILDREN.

It has also been the policy of this board, when suitable homes were offered to place children in them, believing that God's plan of the home life was better for the child than any institution could possibly be, and feeling also that there are many childless homes throughout the State which these children could brighten with their presence. We hope to see this policy continued and the number still further reduced.

THE NUMBER RECEIVED

has been small as compared to the past two years. It has been our

earnest endeavor to open the doors of this institution to the helpless orphan, for we think that you so intended it. At the same time we have tried by carefully investigating all applications to see that only such were admitted. It is a sad commentary on human nature, that people should attempt to impose upon an institution of this kind, but it is even so, and sometimes those from whom we should expect better treatment are consciously or unconsciously parties to the attempt.

OUR PASTORS

are not always as careful in these matters as they might be, some of them allowing their zeal in behalf of certain children in their neighborhood to run away with their judgment. We beg for their assistance in these difficult matters, and assure them that in cases where we have acted adversely to their recommendations it was only where we were sure that they had been misinformed as to the real facts, which we often obtain only by persistent investigation.

THE HEALTH OF OUR CHILDREN

generally, has been very good, but we have had the misfortune to have some 14 cases of typhoid fever, the source of contagion being confined to the girls' building. Thanks to the skill and faithfulness of our physician, Dr. E. L. Stallworth and the efficient services of our trained nurse, all of these children have fully recovered. These cases covered a period of about four months and has been a source of quite an expense. Our recent experience along this line has demonstrated the need of hospital equipment. We have the building but practically no equipment. Five hundred dollars will do the work and we feel sure that some of our generous brethren would be glad to supply this need.

PERMANENT IMPROVEMENTS AND REPAIRS.

With the number of buildings we have the matter of repairs is always an item, among them we mention putting a new furnace in the Boys' building, repairing furnace in Scott cottage, quite a large outlay for sanitary improvements, rebuilding laundry which was destroyed by fire, screening several buildings and those many minor items of general repair, small in themselves, but aggregating quite a large sum.

FINANCIAL SUPPORT.

A careful study of the receipts for the past year reveals the fact that the interest in this work is general throughout the State. While the sum total has been large and generous, it has in the main made up of small amounts, coming as it has, largely from the weaker churches, as noted in our last report. The churches in the larger towns and cities are still to a great extent indifferent to this work—a notable exception however has been the St. Francis Church of Mobile, which came nobly to our assistance with about \$700.00, for which we make grateful acknowledgement.

We have been greatly encouraged at the growing interest in this work exhibited by the Sunday Schools, some one hundred and fifty of them agreeing to give us one collection each month affording regular help to this work, and what we deem of equal importance—

training our young people in the grace of giving to our denominational work.

Valuable assistance has been rendered by the Ladies Societies both in gifts of money and in clothing and household necessities. We are indebted also to the Sunbeam Bands, B. Y. P. U. and some other organizations, as well as to individuals for assistance rendered. We also wish to make mention of that car of corn from the Tennessee River Association which they sent this year as they have done in the past.

CHANGE OF SCHEDULE PROPOSED.

We hail with pleasure the prospect for monthly offerings for this work as proposed in the new financial plan of our worthy Secretary of State Missions. The old plan has accomplished much but we think the proposed plan will do very much more, all our boards finding it more or less difficult to meet their bills with only one or two collections in a year. This board has been forced to borrow money at an exorbitant rate of interest each summer in order to keep things going. We are pleased to report that the credit of the institution with the business world is A1, and that we are now buying our supplies at wholesale rates thus affecting a saving in our expenses.

THAT DEBT.

We take pleasure in reporting a decrease in our outstanding indebtedness (see financial statement.) Assuming that we will continue to receive the same generous support as in the past, we trust to be able to report the entire indebtedness paid at our next convention.

OF THE WORK GENERALLY

We are frank to confess that it is not ideal; there are many difficult problems constantly arising, difficulties along the line of consecrated, efficient workers, and in other directions, and yet we see no particular reason for discouragement. Other institutions have these same troubles to deal with. It is our purpose to do all in our power to raise the standard of work so that as far as possible children going out from us shall be equipped for Life's duties and responsibilities. We desire greatly to have the necessary funds to inaugurate real Industrial training among them—a thing much talked about, but never accomplished except in a very limited degree. We are thoroughly convinced that money can be well invested along this line.

RELIGIOUS OPPORTUNITIES

of the best character have been furnished the children in that they have attended the Sunday School and other services of the Evergreen Church whose pastor is Dr. Richard Hall, a man of scholarly attainments and much beloved. Twelve children have been added to this church from our number the past year. This number is not as large as has been reported for the past two years, but is easily accounted for in that the number coming to us has been smaller, and the further fact that the usual protracted services have not been held during this year.

OUR FINANCIAL SECRETARY.

On January 1st Brother Jno. W. Stewart, so long connected with this work, severed his connection with us as Financial Secretary, and Brother S. O. Y. Ray was chosen to succeed him. Brother Ray entered the work on Feb. 1st—a work for which we think he is especially fitted, and the results we feel sure have demonstrated the wisdom of his election.

OUR NEW SUPERINTENDENT.

We report with pleasure that Rev. J. W. Dunnaway of Gadsden, has accepted the position of Superintendent. We feel sure under his wise management the Orphanage is destined to still greater usefulness.

Respectfully submitted,
M. C. REYNOLDS,
Chairman Board of Trustees.

TUESDAY—EVENING SESSION.

28. After a prayer and praise service conducted by Geo. W. Macon, the report on Home Missions was called for. The report not being present, on motion of W. B. Crumpton, B. D. Gray, Corresponding Secretary of the Home Mission Board was invited to address the Convention in the interest of Home Missions, which he did.

REPORT ON HOME MISSIONS.

Never before, in the history of this important Board, has it been able to make as fine an exhibit of work as in this good year 1908-1909.

Its work continually grows. The demands are greater each year. The denomination responds more liberally each year, but not in sufficient amount to enable the Board to do its greatest work.

After years of toil in New Orleans, doling out from its scant treasury a small pittance each year, the Board, a few years back, began employing strong young men, paying living salaries and helping liberally in the erection of good houses of worship. This liberal policy is telling marvelously on the situation and ere long our Baptist cause will be a source of pride to our people visiting the city and a source of revenue to all our denominational interests.

In the matter of church building, the demands upon our Board, if encouraged, would be a million dollars while the receipts are only a few thousands. We should add \$50,000 a year to the church building fund until it reaches \$1,000,000.

Alabama is under special obligations to the Home Board because

of its generous help in our work. Besides helping liberally in the support of our Corresponding Secretary and in paying the expenses of the office, it appropriates \$2,000 to our general work. Still beyond this, it makes appropriations to church buildings, assists in the work of the Alabama negroes and maintains four Academies in our State.

Respectfully submitted,

W. B. CRUMPTON

Chairman.

29. The report on Temperance was presented by Geo. E. Brewer and read by the President as follows, viz:

REPORT ON TEMPERANCE.

Temperance is using things and circumstances in moderation and not excessively—entirely refraining from the use of things injurious. Intemperance is the excessive use of things that are good when properly used, or any use of things hurtful when not necessary.

It is customary to expect a report upon temperance to be confined to the subject of intoxicants, because of the overpowering magnitude of the evils springing therefrom. A report on temperance that failed to treat this part of the subject would largely fail of meeting expectation.

The thing to be treated in this paper is curbing the use of intoxicating beverages. Your committee is pleased to report gratifying progress. For years, beginning the middle of the last century, the laborers against intoxicants sought to win devotees from drink, and to create a sentiment against it. Slow but sure was the success, creating sentiment that began curbing the use and sale, and throwing restrictions around this evil so pernicious in its influence upon persons, so harmful in social relations, and so dire in its criminal record. At last sentiment has so ripened that for some years the battle has raged along the line of thoroughly outlawing the traffic. Step by step has the war against it advanced in town, county and State prohibition, securing the favor of the people and legislative bodies, so that now a tidal wave is sweeping over much of our beloved land, securing its outlawry in many places, and furnishing a cheering hope that before many more years are past the victory will be won.

More than fifty years ago Maine led the way in declaring for State prohibition, and was followed later by Kansas and North Dakota. It is true the enforcement was not fully effective, but was sufficiently so to show the great benefits therefrom. Besides these, many towns, districts and counties, under local option outlawed the trade. The past five years have seen the battle raging as never before under a much closer organization of temperance forces, so that in that time the question of prohibition has commanded an interest unsurpassed by any other before the American people.

The three old prohibition States have made their laws much more efficient and successful in stopping the traffic. Six new States, Georgia, Oklahoma, Alabama, Mississippi, North Carolina and Tennessee have joined the ranks of prohibition, covering a population of about 12,000,000 people. The partially covered portions of the country, in the South alone, brings a population of about 25,000,000

when added to the other, under prohibition law. Nearly two-thirds of the territory and nearly one-half of the population of the United States is now under some form of prohibition, says the World Almanac, hundreds of counties in others, and thousands of cities, towns and villages enjoy freedom from the saloon. In many of the other States the fight is on for State-wide prohibition; and Louisiana and Arkansas barely failed this year of joining the ranks with the victorious.

Kentucky, the State formerly celebrated for its manufacture of liquors, has 92 prohibition counties and a fight on for State prohibition. Recently 47 counties of Ohio voted dry in sixty days after the passage of the local option law. Illinois had 36 prohibition counties at the beginning of this year, and numbers of others have been added during the year, and there are but two which wholly allow license. More than two-thirds of the State's population in Indiana is now in prohibition territory.

An encouraging feature of the campaign is that a number of the large daily papers have cut out of their advertising columns liquor advertisements.

In 1904 the "National Liquor League" was formed to put the lid on the temperance movement. They boasted that in twelve months they had circulated 4,000,000 specially prepared leaflets attacking the prohibition movement, and they have since scattered over 20,000,000 of them. They are putting much money and brain into the fight, and nothing but unceasing vigilance on the part of temperance workers will prevent them from holding the territory now wet, and even regaining some that has been wrested from them.

Let us stand by the Temperance League and other organizations working against this dread monster, and furnish money and men for pushing the work until a real victory shall cover our happy land.

Special effort should be pressed until the general government shall enact such laws as will prevent the shipment of liquors from wet into dry territory, and the government cease licensing the manufacture and sale of liquors where prohibitory laws exist. Prohibitory laws will not be respected as they should be so long as well-to-do club organizations can enjoy in their clubs what is denied to citizens less favored.

The success of the recently prohibited territory in cutting off drink is shown in the recently published statement, that in the fractional part of the year covered by the report, that there has been a loss in the collection of internal revenues in the brief period, of \$322,000 on beer alone.

Let us fight on strongly and hopefully.

Respectfully submitted,

GEO. E. BREWER, Chmn.

A. P. Montague offered the following resolutions as an amendment to the report, viz:

In the fear of God and from love for His cause and for our beloved State, the following preamble and resolutions are offered:

Whereas the Legislature of Alabama, yielding to the wishes of the best people of the State, enacted a prohibition law that went into effect Jan. 1, 1909,

And whereas, the liquor dealers in certain centers have persistently violated the law, many times unchecked by the authorities and encouraged by certain newspapers;

And whereas the Governor has called the Legislature together in extra session and has named in the call certain needed legislation to make the prohibition law more effective;

Therefore be it resolved, by the Alabama Baptist State Convention, representing a membership of 175,000 white Baptists and a constituency of four times as many—

1st. That we declare our unalterable opposition to the liquor traffic.

2nd. That as between the question of a regulation of the traffic, which never did and never can regulate, and a prohibition of the traffic, which the liquor people declare can never prohibit, we favor the latter.

3rd. That we pledge ourselves to use our influence with our Senators and Representatives to put in the Statute Books all the laws and amendments named in the Governor's call which are intended to protect the morals of the people.

4th. That as Baptists and as citizens we stand for law enforcement everywhere and that we frown upon the newspapers which use their columns for the encouragement of the violators of law and that carry in their columns advertisements of the goods whose sale is prohibited by law in our State.

5th. That we endorse the Anti-Saloon League, which has done so much for the suppression of the liquor traffic in our State, and recommend that our churches open their doors to its Superintendent or authorized agent.

6th. That these resolutions be spread upon our minutes and given to the press.

After discussions by G. G. Miles, W. J. E. Cox, F. W. Barnett, W. B. Crumpton, M. M. Wood, A. P. Montague, A. J. Dickinson, Preston Blake and C. A. Stakely, the resolutions were adopted, after which the report as amended was adopted. (Note—Pending the discussion a motion by A. J. Dickinson to amend the resolutions was adopted, which was afterward reconsidered and the resolutions adopted as appears above.)

30. After announcements and prayer the Convention adjourned to 9:00 A. M. Wednesday.

WEDNESDAY FORENOON.

31. A prayer and praise service was conducted at 9:00 A. M. by Geo. W. Macon.

32. At 9:15 A. M., the Convention was called to order and by unanimous consent, A. J. Dickinson moved that a committee be appointed to consider the propriety of estab-

lishing a Baptist Hospital in the City of Birmingham, Ala., which was adopted, and the following appointed on said committee, viz:

J. M. Shellburne, D. H. Marbury, J. W. Minor, Wm. A. Davis, C. A. Stakely. (See Item 56.)

33. By consent of the Convention H. L. Martin offered the following resolution which was unanimously adopted, viz:

Resolved: That the State Baptist Convention in annual session express its approval of the Governor's action in favor of Constitutional prohibition and this Convention pledges its hearty support to the effort to get this provision embodied in the organic law of the State.

34. After announcements of some changes by the Program Committee, the regular order was called and the interests of State Missions was spoken to by brethren W. B. Crumpton, B. D. Gray, J. W. Minor, T. B. Ray, G. G. Miles, J. M. Thomas, C. W. Hare. Pending the discussion the committee to which was referred the report of the State Board of Missions (See Item 12) made its report as follows. viz:

REPORT OF COMMITTEE ON REPORT OF STATE BOARD OF MISSIONS.

Your Committee recommends as follows:

First: That the Convention adopt the plan of systematic beneficence suggested and explained in the report of the Board and that the pastors and churches be urged to co-operated with the Board in working the plan.

Second: The Convention concur in the recommendation of the report to give the \$3,000 received for the Scottsboro property to the Home Board for educational purposes in Alabama.

Third: We see no objection to the publication of the receipts of the Board and that we refer this question back to the Board with the request that they act in the matter at their own discretion.

Fourth: That the question of aged and infirm ministers be referred to the Standing Committee appointed at the last session of this Convention.

W. W. LEE,
A. A. HUTTO,
A. S. SMITH,
ERNEST LAMAR.
EUGENE BALLARD.

The discussion was continued and the following brethren addressed the Convention, viz: J. N. Prestridge, G. G.

Miles, O. E. Bamber, J. B. Ellis, and pending the discussion the Committee on Copoeration submitted its report as follows, viz:

REPORT OF COMMITTEE ON CO-OPERATION.

Your Committee begs leave to submit the following:

According to our best information and observation we believe that the plan of apportionment among the Associations and churches with the use of the Schedule for collections has been very helpful to the work of the Convention and more than compensates for the expenditure of time and money required to get the plan before the churches.

We would recommend:

(1) That the Baptists of Alabama attempt to raise the following amounts for the Convention year 1909-10.

State Missions	\$ 30,000
Home Missions	\$25,000
Chapel Bld'g, Home Bd.....	5,000— 35,000
Foreign Missions	\$35,000
Chapel Bld'g, Foreign Bd.....	5,000— 40,000
Orphanage	15,000
Denominational Education	7,000
Ministerial Education	5,000
Bible and Colportage	2,000
Aged and Infirm Ministers (at least).....	2,000
	<hr/> \$136,000

(2) We recommend that the apportionment table be printed and distributed in such numbers as may seem wise to the Corresponding Secretary. It is worthy of study and every pastor would do well to tack it up in his study for reference.

(3) We recommend to the Moderator of each Association the appointment of a careful Committee to apportion among the churches the amounts suggested for the Association over which he presides.

(4) We also recommend that the pastors speak hopeful, inspiring words concerning the raising of amounts suggested and encourage the faithful use of the Cards, the Collection Calendar and other methods which the Convention may approve.

(5) We further recommend that the State be divided into twelve sections by counties and collections be regulated by the Collection Calendar submitted by the Corresponding Secretary in his report

Your Committee appreciates the fact that the effectiveness of the above suggestions, if approved by the Convention, will depend entirely upon the hearty co-operation of pastors and churches.

Respectfully,

W. M. BLACKWELDER,
J. L. THOMPSON,
A. S. SMITH,
J. L. ROSSER,
PAUL V. BOMAR,
M. M. WOOD.

The table below suggests certain amounts to the Associations. It is only a *suggestion*. Experience through many years has proven the wisdom of this plan. The Associations which have adopted the plan and divided the amounts out among the churches find that it works satisfactorily and serves as a stimulus to the churches. Some Associations were left blank because we were not sufficiently acquainted with them to form anything like a correct estimate of what they might be able to do.

Committee on Co-operation.

Therefore, Be it Resolved by this Convention of Representatives of Alabama Baptist Churches that we request all pastors of the Convention to preach on some phase of the Temperance question next Sunday morning, and, That we would greatly appreciate it if the ministers of all denominations would do likewise.”

B—On motion W. B. Crumpton was appointed to prepare a report on Sunday Schools to be printed in the minutes, which he did as follows, viz:

REPORT ON SUNDAY SCHOOL WORK.

There is much to cheer us when we come to consider the Sunday School situation of the Baptist denomination of Alabama. However, the greatest comfort and encouragement does not come from the mark that we have reached but from the position toward which we are tending. No other line of religious work is engaging the attention of all classes of people more than the Sunday Schools. The learned and the unlearned, the Theologians and the lay members, the business and professional men all are fast recognizing the Sunday School as the church's greatest opportunity to teach God's word, to reach men for Christ, and to train Christians for service.

Many new schools are being organized and equally as many schools are being lengthened from three months in the year to twelve months. And not only this, but many Sunday Schools are getting a broader vision of their fields. Persons are being invited, systematically and persistently, to attend Sunday School as never before. As a result, the membership of many of our schools is increasing at a rapid rate.

The last and greatest reason for encouragement in our Sunday School outlook is the emphasis that is being placed upon the teach-

ing. There is no surer evidence of a new day in religious work than that we see the Sunday School teachers as religious educators—persons who are to instruct our nation in the things that pertain to our highest welfare both here and hereafter. Realizing that Sunday School teachers must have an educational consciousness, must be acquainted with the laws of human growth and development, must be methodic in their teaching is causing the church as a whole to have a broader conception of its educational function.

The State Board of Missions now has a Department of Sunday School work, superintended by the writer of this report. Efforts are being made through Baptist Rallies, Sunday School Institutes, the sale of books, the sending out of letters and tracts, to lead our denomination on to yet higher planes of enthusiasm and efficiency. Particularly is the Normal Department of the church being stressed. In this day of many books on all subjects, it is easily possible for the church to offer a course of instruction that will greatly assist in preparing men and women to render intelligent service in the church as teachers and officers. And not only this, but through the medium of the church may be gained much of inestimable value to parents in the matter of home training of children. No longer are the subjects of psychology, especially genetic psychology or the study of child nature, and principles and methods of education to be deemed as necessary for school teachers only, but parents and church workers as well.

It is recommended and earnestly requested that the Baptist Sunday Schools of Alabama support and strengthen this department of Sunday School work. In order to do this, the Sunday Schools are asked to make a quarterly contribution to the work.

Respectfully submitted,

J. T. McKEE.

C—J. A. French offered the following resolution which was adopted after discussion by H. S. D. Mallory, J. A. French and B. D. Gray and a cash collection amounting to \$47.50 was taken for that work.

WEDNESDAY EVENING.

46. After a prayer and praise service conducted by Geo W. Macon, the report on Foreign Missions was read by A. J. Dickinson as follows, viz:

REPORT OF THE COMMITTEE ON FOREIGN MISSIONS.

Your Committee on Foreign Missions beg to submit herewith a copy of the report of the Foreign Mission Board of the Southern Baptist Convention. As a piece of edifying literature in the present day progress of the kingdom of God in the world it will abundantly repay such effort with advanced Christian faith and life. Since the days of the Apostles missionaries have been wont to "rehearse all things which God had done with them, declaring the conversion of the Gentiles; and they caused great joy unto all the brethren." The problem therefore to which your committee would first call attention is how to make most of these inspiring messages from what God has done through our missionaries. The duty of making known such dealings of God with his people is clearly set forth by precept and example in the Scriptures! nor can we hope to be a Scriptural people until we take up this obligation to the kingdom of God in earnest effort. Much of the Gospel of the kingdom came to the early Christians in terms of the missionary struggles and successes; and as they read the Scriptures in the light of these events the disciples saw clearly their inspired and inspiring missionic meaning. So, in its workings, we may in our day appreciate the value and meaning of the word of God more fully; while the word of God increases as the disciples multiply. Our own enjoyment of the word of God is affected by the facility for our keeping in touch with what God is doing through our missionaries. Since God first spake the Messianic religion to Abraham, its power to be a blessing to its disciples has been conditioned by its power to make them a blessing to all the nations of the earth. The Baptists of Alabama cannot hope to get for themselves the full blessedness of this religion apart from the blessing it is bestowing on the other nations of the earth. Your committee therefore recommend that this Convention devise and set in operation agencies for the dissemination of this information among our people, which has for them a fuller and better knowledge of God as he is now revealing himself in this work of his kingdom.

This report shows how mission work has grown in methods and efficiency in recent years. Out of a membership of 16,596 there were added during the year 2,905 of them by baptisms, showing that in proportion to the working membership the number of conversions was greater in the foreign fields than in any state in our own country. Can anyone in this country doubt in the face of this fact that

God hath granted unto the heathen also repentance unto life? It shows that the most fertile fields of our day are in the heathen lands; and we should follow the leading of God's providence. Under the guidance of God revealed on the experience the Board has been led to adopt new and more efficient methods of reaching the people. In addition to the work of preaching and teaching the gospel as any may give a hearing, they have instituted hospitals for medical work, schools for educational work, printing presses for the production of a Christian literature for their reading, and theological schools for the production of a competent native ministry. Already the fruits of this effort are manifest unto the vindication of its wisdom. It is impossible for any one acquainted with the facts showing the fruits of our Board now to doubt the wisdom of such an organ for the rendering of our mission work effective; and it seems to your committee that the best way to dispell any solicitude along that line among our people is to thoroughly inform them. Foreign missions as organized among us is now no longer an experiment; it is an experience in the Lord.

Your Committee regrets to have to report, in the face of great advance in contributions from other states, that Alabama contributed less by more than two thousand dollars than in the year preceeding. There are many ways for accounting for this failure; but probably it was due to the postponing of our offerings for this work until the last day in the fiscal year. This year the Lord sent a rain on that day, and entailed a loss in our contributions. Does not this providence mean that we should correct this unwarranted habit of putting off this important matter to the last moment. Your committee would call the attention of the Convention to this matter as one greatly needing correcting. Probably changes in the schedule for our benevolences will remedy it in the future

Your committee would suggest the incorporation of the report of the Board in the minutes of this Convention if such be found practicable; and would recommend at least the publishing of its statistical table therein.

The Scriptures and experience abundantly show that missions, and especially foreign missions, is not merely a question of doing good to the lost world; but is also a means of religious culture among ourselves. We cannot live the Christian religion without maintaining such a work; and any abatement of our zeal in this line means an impoverishment of our own hearts and lives in the things of Christ. We would urge our people therefore, for their own sakes, for the Lord's sake, for the sake of humanity to stir themselves in this opportunity to promote their own betterment, the salvation of the world and the furtherance of the gospel of the kingdom of our Lord.

Respectfully submitted.

A. J. DICKINSON,
For the Committee.

After discussion by T. B. Ray, and W. H. Smith of the Foreign Mission Board and A. J. Dickinson, the report was adopted.

47. After announcements the Convention adjourned to 9:00 A. M. Thursday.

THURSDAY FORENOON.

48. A prayer and praise service was conducted by Geo. W. Macon at 9:00 A. M.

49. On motion of W. B. Crumpton, Geo. W. Macon was requested to have the prayer meeting talks delivered during the sittings of the Convention published in the Alabama Baptist.

50. The report of the Committee on Aged and Infirm Ministers' Fund reported through its Chairman, H. B. Foster as follows, viz:

REPORT ON AGED AND INFIRM MINISTERS.

To the Alabama Baptist State Convention:

The Committee on the Aged and Infirm Ministers Fund submits the following report:

The subscriptions to the Endowment fund aggregate \$2,000.00. Two of these are life insurance policies of \$500.00 each, upon which the subscribers agree to pay all premiums and interest at the rate of 8% per annum during life, which is equivalent to an investment of \$1,000.00 at 8 per cent interest. The interest is to be used for present needs

A list of subscriptions is shown by Exhibit 'A' attached hereto. One subscription of \$100.00 has been paid to the Treasurer. The other amounts subscribed are payable in five equal annual installments and the first installment is just now due. \$1,000 00 subscribed does not bear interest. After this is collected it is to be invested in interest bearing securities.

The report of the State Board of Missions, shows that the balance on hand to credit of the Aged and Infirm Ministers Fund at date of last report was.....\$1050 09

Contributions during year 1504.35

Paid out\$1301 64

Balance on hand 1252.80

This is the current fund and has no connection with the endowment. During the past year \$1504.35 was contributed which is about \$500 more than collections for the previous year.

The Board has shown great wisdom and caution in the distribution of this fund.

When we compare what we are doing for the old Infirm Ministers with the work of the Baptists in some of the other Southern States, and with that of another denomination in our own state, we are appalled at the insignificance of our contributions. That we have been grossly negligent for so long should now stimulate us to greater effort.

It is gratifying to state that a movement inaugurated by a lady member of the South Side Baptist church, Birmingham, a lady of the highest culture and deepest piety, a worthy descendant of one of the

greatest preachers of America, bids fair to stir not only the women but the men to action. Mrs Grace Hiden Wilkinson as the representative of the Woman's Missionary Union of the South Side Church, has appealed to the women's societies to do their part in this noble work. Since the women have taken hold in earnest great results are sure to follow.

The need of a large current fund as well as endowment is apparent to all. The questions to be settled are: The best way to raise the largest sums, without interfering with other church benevolences, and the best manner of handling these funds when raised.

We find that the states which have a special Board for this fund are accomplishing much more than we are in Alabama.

We therefore recommend that this Convention create a Board to be known as the Board of Aged and Infirm Ministers' Fund, which shall have entire charge of both the Endowment and current fund; that this Board consist of twelve members to be elected by this Convention, four members for one year, four members for two years, and elected for three years.

We recommend that the headquarters of this Board shall be at Birmingham, and that no member of the Board shall receive any compensation whatever, or pay for traveling expenses, and that no salary be paid any officer of the Board and that the office of Trustees of the Aged and Infirm Ministers' Endowment Fund be abolished.

We recommend that the Board be authorized to pass to the Endowment fund each year any amount from general collections on account of the Aged and Infirm Ministers' Fund, which in its judgment is proper, and which is not required for present needs. Our changing conditions will make constantly increasing demands upon us, and it is important to take care of the Endowment.

We respectfully suggest that all pastors, in order to keep this branch of the work before our people, making it known if they wish, that this request comes from the laymen and that all church members make special efforts to get large contributions on the days devoted to this cause as shown by the schedule, that the importance of this work be impressed upon the Associations, the Sunday Schools and the various societies of the churches.

Respectfully submitted.

2. That the Convention endeavor to sell these Bonds to various members thereof at this session.

Reynolds, President of the Trustees, C. S. Rabb, W. J. E. Cox, H. R. Schramm and J. W. Stewart, and the report was adopted, and a collection amounting to \$42.60 was taken for the Home.

58. The report on Woman's Work was called for and presented by A. G. Mosely, and after discussion by A. G. Mosely the report was adopted as follows, viz:

REPORT ON WOMAN'S WORK.

The term "Woman's Work" is tremendously broad and inclusive, but fortunately our committee has to do in this report, only with the organized work of women's auxiliary to the Baptist Churches of the South. This organized work as it is found in the local church is along two distinct lines. It is a work in aid of the local church in its equipment and conduct, and it is an agency assisting the church in meeting its world-wide obligations. As a purely local aid work these societies have no general organizations and we shall never know the full measure of their helpfulness.

On the side of their world-wide helpfulness as missionary unions our women have general organizations co-extensive with, and auxiliary to those of our churches themselves.

The W. M. U. Auxiliary to the Southern Baptist Convention has its headquarters at Baltimore and holds its annual meetings in conjunction with the Convention. The Minutes of its recent session at Louisville is an interesting recountal of vigorous achievements and would be an illuminating study for any pastor in our state. If one

has any doubts as to the W. M. U. vitality as an institution, let him but read the annual address of its president, Mrs. Heck. It is a masterpiece of its kind.

As its past year's work this general organization shows the following results:

Foreign Missions	\$ 96,641.24
Home Missions	57,369.65
S. S. Board	1,379.89
Margaret Home	1,427.82
Training School	17,935.47
Boxes	24,379.56
Total	\$197,143.63

When we add to this the amount given to State Missions and Orphan's Homes by these same societies, the total will easily reach \$300,000.00.

But the best feature by far, of the W. M. U. is its educational value. In the South there are 5,655 societies with a total of 100,000 members, allowing five to a family this means that 500,000 persons have a touch with this splendid organization. It is a leaven for good that is constantly at work in our great Baptist body.

About 60,000 monthly missionary meetings are held during the course of the year, and nearly 500,000 leaflets and pamphlets are distributed.

If not tributary, at least contributory to the W. M. U. are three lesser organizations. These are the Young Woman's Auxiliary, Sunbeam Bands, and Royal Ambassadors. Of the three there are in the South 3,596 local societies, with a total mission contribution for the past year of \$28,000.

As to the W. M. U. in Alabama there are 425 societies and they reported a total of more than \$30,000.00 contributed during the past year. Of the Sunbeam Societies there are 250 and the work is under the leadership of Mrs. T. A. Hamilton of Birmingham. The newer work of the Y. W. A. is being vigorously pressed by Miss Mallory of Selma and 75 societies are now reported.

For the first time since its organization our State W. M. U. is not in session in connection with this Convention, owing to its constantly increasing attendance. The W. M. U. deemed it wise to hold its convention at a different time and place from the meeting of this body. Their next meeting will be held at Selma in November, and notwithstanding a secret hope that their session shall be as lonely without us, as is ours without them, we bid them God-speed in their splendid efforts for larger usefulness in the Master's kingdom.

Respectfully submitted,

A. G. MOSELEY,

For Committee.

59. The committee to whom was referred the matter of the relationship of the Central Female College at Tuscaloosa, Ala., (see item 35) reported through J. A. French as follows, viz:

REPORT ON ALABAMA CENTRAL FEMALE COLLEGE.

The Committee appointed to confer with a committee from the Board of Trustees of the Alabama Central Female College and report as to its relations to this Convention submits the following:

We recommend that the Convention accede to the request of the Board of Trustees to give to the College the moral support of the Convention and nominate five trustees to be elected by the Board of Trustees of the College.

The property of the College, valued at \$100,000.00 is leased to the Baptists of Alabama for 49 years at a nominal sum, and with right of renewal, the lease conditioned upon the maintenance of a school for young women. This is a very valuable asset, and we should never permit its loss to the denomination.

In compliance with the recommendation contained in the report the following Trustees were appointed by the President of the Convention, viz: J. B. Ellis, J. D. Murphy, Tom Tart, H. J. Willingham and J. B. Gibson.

60. The following letter from L. O. Dawson was read and ordered printed in the minutes, viz:

Piedmont House, Waynesville, N. C.,
July 6, 1909.

To the Alabama Baptist State Convention,
Andalusia, Ala.,

My Dear Brethren:

The fact that there are matters of more than local interest in Tuscaloosa, and that I am unable to make them known to you in person, will, I hope, justify me in sending you this letter.

All Alabama is concerned in the location of our colleges, of whatever character they may be and no place is of greater importance to us than the seat of the State University. Fortunately it is a place where church life generally and Baptist life especially is unusually strong. One half the white population of the city is included in Baptist families, while in the County of Tuscaloosa there are twice as many Baptist Churches as all others combined. When we take into consideration that along with our other schools, the University is to be a factor in the life of our State of ever increasing importance, the significance of the above facts can scarcely be over estimated.

At the heart of this great situation is the Central College. You recall that this splendid building was given to the University for educational purposes when the Capitol was removed to Montgomery. The University finding it impossible to use it to advantage finally abandoned the plant to bats and owls. Later, it was with a feeling of relief that the property was leased to a company to be used as a college for women. The lease was for 99 years, with the privilege on the part of the company of renewing the lease at the end of that time. The consideration to be paid was the free tuition of five girls annually, a stipulation that has been carefully observed.

The men in this company were Baptists and secured their Charter in which they directed that two thirds of the College Trustees should always be Baptists. As a matter of fact, all the Trustees now belong to that denomination for the simple reason that it is impossible to interest others in the work. Thus, this property became a private lease *in perpetus*, and this private lease, together with a \$50,000.00 dormitory and equipment was dedicated without cost to the Baptist people for the education of women.

The value of the plant has become more and more apparent in later

years and I doubt not the College would be gladly taken over by others but our claim cannot be shaken and nothing but our own neglect of the great trust can put that claim in jeopardy.

It has existed as a College of high standard for fifty years. In that time it has matriculated 6,663 pupils. It has sent out 410 graduates. It has given free tuition to more than 500 worthy girls. This tremendous force, trained as carefully in heart as in head, has been sent back into the church life of our people, working for God in ways that cannot be fully known before the Judgment Day.

Incidentally and yet more powerfully than I can make you understand the Central College has been an instrument in the hands of the Tuskaloosa Baptist Church and her succession of pastors in reaching and influencing in every worthy direction the University of the State, and all young people in Tuskaloosa. This is true, not only because of the natural desire of young people to go where other young people are about to gather, but for other reasons which I cannot in this brief space enumerate.

For this great instrument the Baptists of Alabama, outside of Tuskaloosa, have paid, so far as I can learn, the sum of \$1,800. This they gave at my request nine years ago.

My brethren, can we name an agency among us which has done and is doing so mighty a work at so small a cost?

Out of a mind and heart looking to the future and craving the highest good for the entire people of our beloved state, I am writing to urge a deeper place in your affections for this great institution. When I first became pastor at Tuskaloosa church, I confess I felt no great interest in the Central until I became convinced that it could do no harm to the Judson, and it is a constant joy to me that since the enlargement of the Tuskaloosa School nine years ago our famous College at Marion has more than doubled its numbers and equipment.

As a matter of fact, all our schools combined will not be able in the years to come to accomodate the rapidly increasing number of pupils prepared by the high schools and others for college life.

Let me say that no member of the Central's Board of Trustees has devised, or can secure private benefit from the College, tho it has cost some of them much in toil and cash.

In operating the College the buildings and equipment have been turned over to a competent educator, who is required by contract to maintain the standard of the College, who becomes personally responsible for all financial obligations, who receives as his own all dues and fees and paying the Trustees \$500 00 a year as rental. This money, by the same contract, is spent on the improvement of the College, together with all other sums that can be secured from any source.

This plan has proven a good one in many ways, but has its manifest disadvantages, one of them being an undue jar to the College work on changes in the Presidency.

At the risk of being thought presumptuous, I am writing this letter to so interest you in the school that it may never be lost to our people by any manner of changing fortune. It ought not to depend upon the life or passing interest of any man, or small set of men. The entire state ought to be so interested in it, that no sort of vicissitude could endanger its life.

It may not be wise or possible to establish any kind of organic connection between the College and this Convention. Speaking for myself, personally, I do not care for that one way or the other.

But there ought to be such a State-wide interest in the Central that

would give to its representatives every possible sympathy and co-operation at all times, and at crucial moments would make it possible to secure from the Brotherhood a few hundred dollars to keep from losing the property, or to help enlarge its equipment and take care of the splendid, but expensive buildings.

To save its life, you gave \$1800 nine years ago. To paint it inside and out, to partially renew its extensive roof and to add necessary furnishings, the Trustees are now in need of \$3,000 or \$3,500 in addition to the amount first raised by citizens of Tuskaloosa. If the brethren will co-operate with Dr. Giles and the Trustees this could be secured with small effort or cost to any one, and the aggregate would be placed where it would do more good than any like sum of money our people could possibly invest.

The Boarding Department is limited to 80. Speaking for myself once more, I will say that I do not care to see it enlarged. I believe there is need both of the small college and the large, for each can do a work impossible for the other, but \$500.00 a year, together with what a mere local constituency can do, is not sufficient to meet modern demands.

The issue involved is not the Central College, but the Central College *plus* the University *plus* the development of a great Baptist kingdom fortunately located at a strategic point from which radiate influences that effect every church and nook and corner of Alabama.

If it be not too much, to ask I would be glad for this letter to go into the records of this meeting, so that in after years, whatever may happen, the Historian may know that as pastor of the Tuskaloosa church I have not been unmindful of this great charge, but that in addition to doing whatever a man could do to conserve the interests of the denomination in my place, I have thus formally laid a share of this responsibility at your feet.

May the blessings of God attend you each and every one,

Sincerely and affectionately.

L. O. DAWSON.

Pastor of the Church at Tuskaloosa.

61. The following report of the Press Committee was read by the Secretary, viz:

PRESS REPORT.

The power of the press is almost unlimited. This is a day when news and short articles are read by the entire public. The work of the Alabama Baptist in the State has been of incalculable value and the paper should be in every Baptist home. The circulation of the Foreign Mission Journal, Home Field, Our Mission Fields, other Baptist weeklies, and the thousand of tracts have had a wholesome effect on the work.

We deeply appreciate the fact that the following great dailies are giving full proceedings of the Convention: The Age-Herald, News, and Ledger of Birmingham, Advertiser and Journal of Montgomery, and Register of Mobile.

We recommend that the moderators of Associations at each session appoint some one to write a brief, intelligent account of the meeting and send to one or more of the great dailies. They will gladly publish same, and it will greatly facilitate the coming of the kingdom, and make prominent Baptist principles.

Respectfully,

J. W. O'HARA, Chairman.

62. The following report on Deceased Ministers was read by M. M. Wood, and the Clerk instructed to add the name of Brother N. C. Underwood to the list, viz:

REPORT ON MEMORIALS.

Your Committee on Deceased ministers submit the following report:

Since our last regular session four of our brethren have been called from their labors among us:

Bro. A. E. Burns.

Brother Burnes was born in Bibb County, Alabama, June 6, 1855, and died near Jemison, Ala., May 10, 1909. He was converted and joined the Baptists early in life. Believing it to be his duty to preach he was ordained.

He served as pastor of churches in the counties of Chilton, Bibb, Shelby, Talladega, St. Clair, Madison, Colbert, and Jefferson. He was also evangelist for North Alabama under appointment of the faithful member of the State Board of Missions. 1894-1897, he was for several years a faithful member of the State Board of Missions.

He had been married three times. He left a wife and eight children. He was one of our best pastors, a true friend to man, a loyal servant of God, and a splendid preacher. He was a good citizen, and a Christian husband and father.

W. M. DeLoach.

Brother DeLoach was born in Coosa County, Alabama, December 11, 1886, and died October 10, 1908. He gave himself to the Lord while in his teens and was ordained to the ministry the first Sunday in May, 1908, the Ordaining Council being J. L. Hand, J. W. Jones and J. S. Ruff. He was pastor of three churches at the time of his death, and gave much promise of usefulness. In 1904 he was married, his wife dying in 1906. His pastor said to him: "He was with the writer the past two summers in protracted meetings and I can truthfully say he was one of the ablest, and the most devoted servant of God I ever labored with."

J. W. Sandlin.

Brother Sandlin was born in Lawrence County, Alabama in 1865 and died at his home in Atmore, Alabama April 20, 1909. He was converted and joined the Baptists at twenty-one years of age. Licensed to preach in 1888, and ordained September 29, 1889. He was a student in Howard College and in the Southern Baptist Theological Seminary. He was pastor of several churches in different parts of the State the most prominent of which was at New Decatur, Ala., and Palmetto Street Church in Mobile, Ala. He was one of our best

pastors, his services much sought for in revival meetings and took great interest in public matters.

He left a wife and four children to mourn his loss.

John P. Shaffer.

Among the widely known and well loved members of the Convention who have passed from the field of labor to the land of rest is Dr. J. P. Shaffer, its first vice-president. He died at Roanoke, Ala., May 10th, 1909. His faithful wife followed him just one month afterward.

Dr. Shaffer was born in Talladega County in March, 1840. Early in life his father moved to Coosa County where he grew to nearly manhood. He received most of his school training in the Masonic Institute of Rockford. Here he was baptized in 1856 by Rev. Platt Stout. He soon took part in public worship. For some time he was employed as a trusted clerk in the largest dry goods house of Wetumpka. In 1860 he moved back to Talladega County, and from there went into the army of Virginia in 1861. In a gallant charge at Seven Pines, leading his company as lieutenant, he lost his foot.

In December 1862 he was married to Mrs. Bell. In 1863 he was ordained to the ministry in Lineville church. He devoted his time for a number of years, till about 1876, to teaching and preaching. He founded and largely established the schools at Lineville and Roanoke, widely known for their excellent educational work, receiving from him much of the impress that has given them their high position.

He was a born leader of men and his power manifested itself in school, church, and civic life. He led the fight that made Randolph the first prohibition county of the state, in the early seventies. He was a man of strong convictions, with the courage to proclaim and maintain them. He had the power of impressing his views upon others, and this made men follow and trust him. Early he became a leader of the Baptists in East Alabama, and widened in his influence until he was known and felt throughout the state, shown by being chosen a trustee of both Howard and Judson for years; financial secretary of Howard; and first vice-president of the last session of our State Convention. He did much to stimulate the mission spirit. His memory is revered by his pupils, his churches, and his countrymen.

W. H. Webb.

Brother Webb was born in Harris County, Georgia, December 18, 1844, and died at his home in Covington County, Alabama, October 3, 1908.

He professed faith in Christ and joined the Baptists and was ordained to the ministry at Clintonville Church in 1878, his ministerial life being spent in Covington County.

He was married October 4, 1868 to Miss Lobelia Bryan, to which marriage three sons and eight daughters were born, the wife and five daughters still living.

Francis Tidwell.

Rev. Francis Tidwell was born April 19, 1850 and died May 17, 1909, aged 59 years and 28 days. He married Sarah Ann Hanes in November, 1869, to which union there was born three children. One is dead, two living, viz, Rev. J. B. Tidwell of Waco, Texas., and Mrs. Jennie Haggard of Birmingham, Ala. His first wife died April 22, 1879. He then was married to Mary Jane Murphree January 13, 1880, and to this union there was born five children. Two of them have preceeded him to their final reward, and three are livin, viz, Misses Edna, Lillie and Lyda, who now live with their mother near Blountsville. He professed religion at a meeting near Chepultepec on Monday after the fourth Sunday in July, 1865. He joined Mount Pisgah Baptist Church at that place, which is generally known as the Primitive or Allgood Baptist of the Mount Zion Association. He was liberated to exercise in public in March, 1868, and licensed to preach in July 1869. He was ordained to the full work of the ministry the first Sunday in March, 1871, by D. F. Allgood, J. T. Smith and David Tidwell. He labored faithfully with these people till August 16, 1893, when, feeling the force of the great commission to that extent that he united with the Missionary Boptist church at Old Liberty, just north of Oneonta, Ala., and at once took up the pastoral work in the bounds of the Warrior River Association, and a church having been organized at Cleveland, Ala., much nearer to his home, he was called as its pastor, and on January 9, 1897, he moved his membership there, where it remained till his death, and he served the church as its pastor for ten years to the entire satisfaction of the church and the community at large. His labors being greatly blessed in the up-building of the church and the saving of many precious souls. He was one of the most faithful and able preachers of his day. His great theme was the plan of salvation. He was a good neighbor and a model citizen, taking a great interest in the education and training of his children, thus fitting them for lives of usefulness.

REPORT ON THE LAYMEN'S MOVEMENT.

For several years, this movement, as it is called, has been before our Convention, but as yet our Alabama laymen haven't seemed to be much moved. We are hopeful that soon they may catch the enthusiasm and join in the great work which is stirring the hearts of so many.

We are proud to welcome Brother J. T. Henderson as the leader in this important enterprise. He is a man of culture, a fine speaker, a consecrated laymen, every way fitted for the place to which he has been chosen.

Every pastor should encourage his brethren of the pew to enter heartily into fellowship with this movement. It means much, very much to the cause of the Master. Only a little while will elapse, if the brethren will take hold earnestly, before in all our churches and Associations we shall see improved methods, greater enthusiasm and marvelous growth in giving to the Cause.

Respectfully submitted,

W. B. CRUMPTON.

Alabama Baptist Ministerial Benefit Society

The seventh session of the Alabama Baptist Ministerial Benefit Society met in the Baptist Church, Andalusia, Ala., on Wednesday, July 21, 1909, at 5:45 P. M., with President W. B. Crumpton presiding and W. J. Elliott as Secretary.

The meeting was led in prayer by Rev. Jno. W. Stewart, Evergreen

The annual report of the President was read, as follows:

To the Alabama Baptist Ministerial Benefit Society:

We are sad to report the death of two of our members, Brethren Sandlin and Shaffer. The \$488.00 sent to the family of Brother Sandlin and the \$472.00 now in hand for the executor of the estate of Brother Shaffer is a glowing tribute to the value of our fraternal organization. Without any of us burdening ourselves in any way, we have made these contributions to the families of our deceased brethren and no doubt to each one the opportunity brought a blessing.

The case of Brother Burns will come before you for action. He was a worthy, good man. No man among us labored more faithfully in the Master's cause. He died supposing he was a member in good standing. He leaves a widow and a number of dependent children. The Secretary-Treasurer followed the letter of the Constitution and refused to issue the call. He did right.

As ours is a purely voluntary organization, a statement of the facts might be sent out to the members by authority of your body and the Secretary-Treasurer be instructed to receive and forward such amounts as may be sent in. Some have already voluntarily paid \$2.00 each for the benefit of the family of Brother Burns.

This incident should impress us all with the importance of keeping all dues paid up. The Secretary-Treasurer informs me that thirteen of our members have paid their assessments but have not paid their annual dues; twenty have written they would hand in their assessment for Brother Sandlin at the Convention and twenty-six have written in the same way who are due of Brother Shaffer. The time has passed and these members are not legally members of the Society. Should any of them die, nothing could be done for their families. It is too great a risk to run. Brethren should remember that though this is purely a benevolent organization, it must be run on business principles. Because of our insistence upon business ideas controlling, it has commended itself to our business men thus far. More and more will it do so, if we carefully guard this point.

The members are urged to notify the Secretary-Treasurer whenever a change takes place in their postoffices, so he may be in easy touch with them. Members of the Society are urged to be very careful in recommending new members. Your Executive Committee may be put in a very embarrassing position by the non-observance of this suggestion. The last report closed with these words:

"In recommending new members we should be careful to observe the Constitutional requirement. The party must be in 'regular work.' I take it to mean that he should be ordained and have charge of a church or churches, or be engaged in general denominational work, which require the 'exercise of his gifts.' Simply being an ordained preacher is not sufficient, even though he be in 'good standing' and 'reasonable health.'"

It would be well for the Society to appoint a Committee to pass

upon the President's interpretations and officially pass upon them, suggesting such changes in the Constitution as may seem wise.

We are gratified to note a continued growth of the Society. We have lost 10; we have gained 31, making the total membership at present 283. Only a little effort on the part of our members would greatly increase the membership of our Society. There are many pastors who ought to be members and a very large number of laymen who would cheerfully join us if the object of the Society was explained to them.

W. B. CRUMPTON,

President.

The report of the Secretary-Treasurer was read and adopted, as follows:

W. J. ELLIOTT,

Secretary-Treasurer.

Montgomery, Ala., July 16, 1909.

I have examined the account of W. J. Elliott, Secretary-Treasurer of the Alabama Baptist Ministerial Benefit Society, for the year ending July 15, and find the same correct and supported by proper vouchers.

W. B. CRUMPTON,

Auditor.

The following officers were re-elected for the ensuing year:

President. W. B. Crumpton; Secretary-Treasurer, W. J. Elliott; Executive Committee: President, Secretary-Treasurer, C. A. Stakely, J. W. O'Hara and J. H. Bush.

On motion of W. A. Davis the following was adopted:

Resolved, That the Society concurs in the construction of article 2 of the constitution on the qualifications of membership as stated by the President in his annual report.

On motion of W. A. Parker, Sr., it was ordered, that the Secretary-Treasurer send a statement to each member of the Society calling attention to the case of Rev. A. E. Burns who was suspended from mem-

bership in the Society for non-payment of dues during his severe illness.

On motion of W. A. Davis, article 7 of the Constitution was amended to read as follows:

Any member failing to remit his assessments and dues within thirty days after being notified by the Secretary-Treasurer shall be thereupon notified by registered mail of his delinquency and shall be suspended from all rights and privileges of membership if he shall not pay within thirty days after receipt of second notice, his assessments and dues and shall pay one dollar penalty for delay, unless he certifies that he did not receive the first notice. The second notice shall quote the section of our constitution bearing on this subject. He may be reinstated by paying all assessments and dues made since his last regular payment. Our Foreign Missionaries shall be allowed ninety days to pay their assessments and dues.

The matter of devising some plan of increasing the membership of the Society was left in the hands of the Executive Committee, with power to act.

W. J. ELLIOTT,
Secretary-Treasurer.

W. B. CRUMPTON,
President.

LIST OF ORDAINED MINISTERS

In order to perfect this list it is absolutely necessary that copies of the Minutes of the Associations be sent to me. It would save me a great amount of valuable time if the Clerks of the Associations would make their lists alphabetical. An earnest request is herewith made of the Clerks to print and send me a copy of their minutes promptly.

 3. Influences that help a man make life worth living—pure, clean, uplifting.
 4. A list of alumni and old students not graduates, who have made noble contributions to civic advancement and Christian growth—men who have done things and who now do things—foremost in every vocation, whether business, professional or religious.
